MASSA LTD

FOOD PACKAGING SERVICES

Are you prepared to seize the opportunities awaiting in the market?

A myriad of possibilities beckon...

In today's dynamic world, convenience and simplicity are paramount in meal preparation. Massa Packaging trays address these evolving consumer demands by providing effortless cooking solutions. As time becomes increasingly precious, home chefs crave simplicity in their culinary pursuits.

Introducing Massa Packaging Dual Paperboard Trays – the solution to unlocking fresh, chilled, and frozen ready meals for the contemporary consumer. These trays seamlessly transition from freezer to oven, enabling customers to enjoy a hassle-free cooking experience at 200°C for 30 minutes.

Seize this chance to elevate your business and streamline healthy eating for your clientele. With over 20 standard Paperboard Tray options, the Massa Packaging range empowers you to meet the demand for convenient, fresh, and premium-quality meals.

Rest assured, all trays are crafted from food-grade certified paperboards, ensuring reliability for you and leaving a lasting impression on your customers.

Featuring PET extrusion-coated Ovenable Paperboard, this material offers unparalleled versatility for a multitude of food applications. Its lightweight design, robust performance, superior barrier properties, excellent thermal conductivity, and resistance to cold and heat, combined with its decorative appeal, make it the optimal choice for your culinary creations.

KEY ADVANTAGES OF Massa Packaging PAPERBOARD FOOD TRAYS

Dual Ovenable: Suitable for both microwave and conventional oven use.

Environmentally Friendly: Paperboard is derived from renewable resources and is recyclable.

Versatile Temperature Range: Food can be shocked at -40°C, stored at -18°C, and cooked directly in the oven at 200°C for 30 minutes.

Crack-Free Design: Paperboard trays do not crack, eliminating the risk of sharp broken pieces.

High-Quality Printing: Capable of printing up to 5 colors, allowing for each customer's trays to be branded and unique.

Various Closing Options: Choose from non-peelable and perforated tear-off paperboard lids, or peelable and non-peelable films.

Leak-Proof Barrier: Polyester film coating provides a liquid leak-proof barrier for added convenience.

Eliminates Secondary Packaging: Printed paperboard trays and lids eliminate the need for secondary packaging.

Innovative and Responsive: Massa Packaging is a highly innovative and responsive company, able to meet its customers' new packaging needs for their projects by creating new moulds as required.

MASSA LTD
